

# Ph.D. / M.Sc. Openings of Fall 2020

A few Ph.D. and M.Sc. positions are available at the **SAINT (Security, Artificial Intelligence and InterNet of Things) Lab**, Department of Computer Science, Missouri University of Science and Technology, USA.

We are looking for highly-motivated students to conduct cutting-edge research in the areas of **Internet of Things**, **Machine Learning**, and **Cybersecurity**.

Candidates are expected to have:

- A decent bachelor's or master's degree in computer science, electrical engineering, information engineering, or other related disciplines;
- Good mathematical skills;
- Competency in at least one modern programming language (Python, C++, Java, MySQL, R, etc.)
- Competency in English (reading, writing, speaking);
- Good analytical and critical thinking ability.

Candidates who have sound knowledge of and/or experience in computer and wireless networks, big data analytics platforms, machine learning and IoT projects, are strongly encouraged to apply. However, if you do not have any of these, but you are an avid learner and excel in one of the above list (e.g., strong in math), please do not hesitate to apply too.

**Application deadline:** As soon as vacancy is filled

**To apply, email CV and supporting documents to Associate Professor**

**Tony T. Luo:** [tluo@mst.edu](mailto:tluo@mst.edu) | <https://tluocs.github.io>

Formal admission process will follow thereafter.

## Financial Support:

- For PhD candidates:
  - Tuition: 100% covered
  - Stipend: ~3 times of living expenses
- For both MSc and PhD candidates:
  - University funding opportunities: <https://grad.mst.edu/future-students/funding/>
  - Department Scholarships and Fellowships: <https://cs.mst.edu/studentopportunities/scholarships/>
